

Vacuum Pump and Sampling Accessories

A necessary tool for extracting an oil sample from the sample port, Trico's Vacuum Pump is compact for ease of transport. When used in combination with a sample port adapter, flexible tubing, and a 4-ounce sterilized sample bottle the user is able to connect to any sample port for contamination free oil sampling in the most representative locations.

Trico also offers a heavy-duty Vacuum Pump model that includes a release valve.

FEATURES:

- Draws a vacuum of 27 inches of Hg (Mercury)
- Uses 3/16" to 5/16" tubing

VACUUM PUMPS

Part Number	Description
36800	Vacuum Pump, Standard
36801	Vacuum Pump, Heavy-Duty with Release Valve

Note: Bottles sold separately
